MASTER OF  
OCCUPATIONAL THERAPY

To ensure students are prepared to access testing, the following technology requirements must be met to Install Examssoft/Exemplify:

1. Minimum System Requirements for Windows, Mac, and iPad

Students and exam-takers downloading the test-taking software, Exemplify, should review these Minimum System Requirements (MSRs) to ensure their devices are supported. Exemplify works with most modern computers, both Mac and Windows operating systems. To keep Exemplify current in the rapidly evolving market, when new technology is introduced, Exemplify works hard to timely implement updates that accommodate changes in technologies. It is not always possible, however, to support all hardware or software, unless and until we test and certify updated technologies, including chipsets and operating systems.

\Exemplify will not run on Chromebooks, Android, or Linux operating systems. Exemplify does not support touchscreen input on Mac or Windows laptops.

The following versions of Exemplify are currently supported:

**Exemplify for Windows**

Version 3.5.0

Version 3.4.6

Version 3.3.2

Version 3.6.1 (US Bar Exam only)

MASTER OF  
OCCUPATIONAL THERAPY

### **Exemplify for Mac**

Version 3.5.0

Version 3.4.4

Version 3.3.2

Version 3.6.1 (US Bar Exam only)

### **Exemplify for iPad**

Version 5.1

While unsupported versions may still function, ExamSoft may not troubleshoot issues arising on unsupported versions. Users encountering technical issues on an unsupported version may be instructed to update to a supported version in order to resolve their issue.

### **Exemplify for Windows requirements**

- Operating System: 64-bit versions of Windows 10 or Windows 11.
- Alternate versions of Windows 10 and Windows 11, such as Windows RT and Windows 10 and 11 S, are NOT supported at this time.
- *If you are using a Microsoft Surface device, please see [support.examssoft.com](https://support.examssoft.com) for important instructions on Windows 10 and 11 “S mode” versus the standard Windows 10 or 11. S mode is not compatible with Exemplify.*
- Only genuine versions of Windows Operating Systems are supported.
- The versions of Windows certified for use are Windows 10 22H2, Windows 11 22H2, and Windows 11 23H2.

MASTER OF  
OCCUPATIONAL THERAPY

- For a better experience, we recommend that you take your exam on the same Operating System version that you have recently completed a successful mock exam.
- The English (United States) Language Pack must be installed.
- ExamSoft does not support tablet devices other than Surface Pro as detailed above.
- CPU Processor: Non-ARM-based processor supported by your operating system.
- RAM: 4GB of usable RAM or higher
- Hard drive: 4GB or higher of available space.
- For on-site support, and in order to back up the answer files to a USB drive, a working USB port is required. (Newer devices may require an adaptor.)
- For technical troubleshooting, account passwords including BitLocker keys, may be required.
- Internet connection for download, registration, exam download, upload, and some exam features.
- Using Examplify in a virtual environment is a violation of the End-User License Agreement ([EULA](#)). As such, Examplify cannot be run within virtualized environments or environments that require persistent network connections (local or otherwise) during secure exams. This includes, but is not limited to, VMWare, Parallels, Citrix workspace, virtual disks, streamed images, etc..
- Screen resolution should be at least 1280 x 768. Scaling should be set to 100%.
- Administrator- level account permissions.

### **Exemplify for macOS requirements**

Operating System: macOS Monterey, Ventura, or Sonoma

Only genuine versions of Mac operating systems are supported.

For a better experience, we recommend that you take your exam on the same Operating System version that you have recently completed a successful mock exam.

CPU: Intel or M series processor. Devices using Apple's M series processors and Apple Rosetta 2 are supported.

Rosetta is only required for M series processors on Exemplify version 3.3.2 and lower

RAM: 4GB or higher.

Hard Drive: 4GB or higher available space.

For on-site support, and in order to back-up the answer files to a USB drive, a working USB port is required (Newer devices may require an adapter).

For technical troubleshooting, account passwords including device passwords may be required.

Server version of Mac OS X is not supported.

Using Exemplify in a virtual environment is a violation of the End-User License Agreement (EULA). As such, Exemplify cannot be run within virtualized environments or environments that require persistent network connections (local or otherwise) during secure exams. This includes, but is not limited to, VMWare, Parallels, Citrix workspace, virtual disks, streamed images, etc..

Internet connection is required for download, registration, exam download and upload.

Administrator-level account permissions.

Screen resolution should be at least 1280 x 768. Scaling should be set to 100%.

Please note that while the Master of Occupational Therapy (MOT) program at Tennessee Wesleyan University utilizes testing software for multiple courses, which is considered distance education through the Accreditation Council for Occupational Therapy Education (ACOTE) all courses within the curriculum are taught in-person providing direct, hands-on learning experiences essential for professional practice. However, meeting these technology requirements is necessary for the occasional distance education activities and examinations.

Please also note that there is no additional fee associated with distance learning.
